“ Chris what can I say.....the world just got a little darker!!!! We were more than Aunt and nephew!!! Y'all were more like younger brother and sisters even though your mom was my oldest sister!!! You were one of a kind!!! Good heart and great person!!!! I can't recall you really ever being mean to anyone!!!! You loved your family more than life itself!!! You will be truly missed and not a day will go by that some memory will pop into my head or I will see your smiling handsome face!!!! Love you to infinity and beyond!!!

“ Dear cousin, where do I start? My childhood memories of you laughing and always joking around always brings a smile to my face. I always see you as that golden hair, smiling young man I was so fond of. I loved spending the best days of my childhood with my cousins and Aunt and Uncle. Give aunt Marie and Uncle Jack a big hug from me. Until we meet again. I love you.
