I will always remember Tom, as we call him. He taught me how to operate a skidder, how to drive a tractor, how to drive a boat and how to back the boat into the water. But most of all, he taught me about life's lessons. He told me that all it takes to do a good job is a little know how and a whole lot of want to. I have accomplished many goals by reliving those words. I am truly going to miss him. May God have mercy on his soul!!
