“ *The first time I met Larry he was coming through West Wood playing his loud music, always bobbing his head, I use to think how can he even drive and see where he going he gone be dizzy. Over the years as we got older no matter where I saw him he always had a smile on his face, and if you were having a bad day and saw him, he would do something or say something and make you smile and if for only that small moment in time you were ok.....to his family, friends, classmates I am praying for you all and please pray for me....this a hard one....to my brother from another mother rest easy....until we meet again.....*
