“ Linda gave me a glimpse of her curiosity and heart to learn. I found her during a break reading through a dissertation on the 6th Fl of Ross Hall. It has been left behind by a professor. I contacted the professor who said she had other copies and so I made sure Linda knew she could have it. No doubt Linda carried this spark and love for learning into her next adventure.

“ *Linda always brought a smile to my face at the end of each workday as she stopped by my office before heading out. We shared so many daily conversations filled with laughter and warmth, and her joyful spirit was something I looked forward to every day. She was truly a wonderful lady whose kindness and positivity touched everyone around her.*

Linda will be deeply missed by all of us in the Facilities Management Department. My heartfelt condolences go out to her family during this difficult time. Her memory will continue to bring us comfort and smiles, just as she always did.

“ *We grew up as neighbors and friends. We moved away but kept in touch. We even moved back to Arkansas on the same day! You and I have been like sisters and like sisters we would fall out and makeup. I'm not going to be selfish and say I wish you were still, but I'm going to say I miss you! Rest well my friend* 🙏🌸🙏🌸🙏🌸
