“ Happy Father's Day Dad. This is truly hard for me. I just want to say that I love you so much. I miss you so much. I have nobody to talk to. Nobody to give me advice. Tell me if my plans going to work. You left to soon.. They did this to you. I can't forgive. I can't forget. I come to this page just to see what they put on here. I hate that I don't have you in my life physically anymore. I know you are always by my side and in my heart. Not going to make a long post but I do want you to know I am thinking about you today. Even got you a card like I usually do. I love you and have a wonderful Father's Day in heaven. You only daughter Mama 💙

“ *I love you no matter what. We didn't always see eye to eye, I wish I could have done more. They took you from me and you left this earth alone. This is one thing I have to live with forever. It's hard when I was the one that came when you called. A daughter's love for her father is a different type of love. Save a space for me up there, I love u forever your one and only daughter "MOMMA"*
